

Union Tries to Keep Out Salary Worker

By DWIGHT L. PITKIN

DETROIT (AP) — The United Auto Workers Union today massed picket lines at Ford Motor Co. administrative offices in an attempt to bar salaried personnel from reporting for work.

Ford reported picket lines at its Rondo building near the Rouge plant and at the company's old administrative office building. It was the first union interference with salaried worker schedules since the strike started.

No incidents were reported at either site. It was not immediately known how effective the picket lines were in preventing salaried personnel from reporting.

The UAW, however, was allowed selected maintenance personnel, bearing cards issued by Local 600, through the lines.

The stepped up picket lines actively came as the union and Ford sought agreement on local plant issues.

Settlement of local plant issues between the union and the auto manufacturers is becoming increasingly tougher.

This became more obvious today as the nationwide Ford Motor Company strike moved into its seventh day.

The Ford strike followed a two-week walkout by UAW workers at General Motors Corp. plants last month over local issues.

A surprise development was tossed into the UAW firing pan Sunday night when Local 72 of Kenosha, Wis., rejected the historic profit-sharing plan worked out earlier with American Motors Corp.

Local 72's move took even the UAW's top brass by surprise.

Norman Matthews, UAW vice president and director of the union's AMC department, said the profit-sharing plan was accepted in generally favorable terms by the UAW's four other AMC locals.

Local 72 was the last to vote on the proposal.

Matthews said he couldn't speculate on how the local's action would affect the profit-sharing plan.

Edward L. Cushman, AMC vice president, also declined to comment on how the profit-sharing plan would be affected.

It appears that AMC may have 7,500 members in the largest AMC local, Jack Beni, local president, said Sunday night. "This contract will never be passed through this local."

There was a report that the margin was less than 100 votes, and that only about one-fourth of the local's members had voted.

The profit-sharing proposal was not the major stumbling block, according to the report. Objections apparently centered on the elimination of a five-minute washup period and changes in the seniority system.

The profit-sharing plan provides that the workers would get 10 percent of the profits in cash and five percent in stocks, after the company had deducted 10 percent of its net worth for stockholders.

Neither UAW President Walter Reuther nor Ford's vice president for labor relations, Malcolm L. Dennis, would speculate on how soon the Ford strike will end.

The strike erupted after negotiations bogged down at both the national and local levels on working conditions. Agreement had been reached on a wage and benefit package patterned after the GM settlement last month.

Kansas Shop Pact Ruling Is Upheld

WASHINGTON (AP) — The Supreme Court today refused to review a decision that states having right-to-work laws may ban agency shop agreements.

The Teamsters Union had asked the Supreme Court to review and reverse a decision by the Kansas Supreme Court.

The high court's refusal to consider the case was announced in a brief order which gave no reason. The refusal lets stand unchanged the Kansas Supreme Court decision.

An agency shop agreement requires nonunion employees to pay union dues on the theory that the union as bargaining agent for all workers is entitled to financial support from all.

The cancellation came after a House investigating subcommittee developed that FCC member Richard A. Mack had accepted financial favors from Thurman A. Whiteside, a Miami attorney, during a contest among four bidders for Channel 10.

FCC ruled that three of the contestants engaged in improper conduct designed to influence the outcome and thus were disqualified from holding a TV license. It ruled out WKAT, Inc., and North Dade Video, Inc., in addition to Public Service Television. The TV channel was ordered transferred to the fourth applicant, L.B. Wilson, Inc.

Public Service Television appealed to the Supreme Court to review the case after the U.S. Court of Appeals here upheld the FCC action in a decision last July 6.

Terms Fallout Beyond Safe Annual Limit

WASHINGTON (AP) — Physicist Ralph E. Lapp, who helped in development of the atom bomb, says it's his opinion that fallout from the Soviet Union's nuclear tests have exceeded the "safe annual limit."

The Soviets fired their 19th atmospheric explosion Sunday in their current test series.

Lapp was interviewed on a recorded radio program—ABC—At We See It—Sunday.

"They have, according to the latest count, sent up over 10 megatons of weapons. I don't know precisely how much of this would be dirty, but this, in my opinion, exceeds the safe level that a number of scientists—some of them from the Atomic Energy Commission—agreed upon as a safe level back in 1957 when we didn't know about the different kinds of fallout from Russian tests," Lapp said.

"It turns out that Russian tests dump their debris back to the earth sooner than the American tests in the Pacific. And, therefore, we find out on the actual base of measurements that you get 10 times as much radiation dose from these atomic tests in Russia as you do from American tests in the Pacific."

"Therefore, the safe annual limit for Russian testing I would put closer to the value of 3 megatons per year than I would the old 1957 value of 10 megatons per year."

A megaton is the equivalent of the energy released by a million tons of TNT.

The Atomic Energy Commission in announcing the Soviet Union's 19th nuclear detonation, said the blast was in the atmosphere and was in "the low yield range."

The AEC has defined low range as equivalent to about 20,000 tons of TNT.

In Geneva, Western sources expressed hope the agreement would help end the deadlock in the five-month East-West conference here in Laos.

Funeral for Thrill Slayer Victim

CLINTON, Ark. (AP)—Funeral services and burial were held here Sunday for 7-year-old Yvonne Elliot, victim of a thrill slayer in Wheaton, Ill., last Wednesday.

Yvonne was slain a few blocks from her home. Steven Schloneger, 13, admitted he lured her to a vacant lot, raped her, and drowned her in a puddle to stop her crying.

About 400 people attended the funeral services in the Pee Dee Baptist Church, alongside the cemetery in which Yvonne was buried.

Her parents, Mr. and Mrs. Edon Elliott, formerly of Clinton, had their three other children beside them for the brief services. Survivors include his wife, Mrs. Lillie Buchanan, a son, Homer Buchanan, of Blytheville; a daughter, Mrs. J. V. Lewis of Malvern.

Funeral services will be held at 3 p.m. Monday at Pleasant Hill with Herndon-Cornelius Funeral Service in charge.

A corner jury returned a verdict of homicide in the case Saturday. The youth is being held in the county jail in Wheaton.

Zeus Attained Some Objectives

POINT MUGU, Calif. (AP)—A Nike Zeus anti-missile missile "attained some of its objectives" despite second-stage self-destruction, says a military spokesman.

He would not elaborate further on Saturday's test of the United States' most advanced weapon against nuclear missile attack.

The blowup, second in a month, occurred five to seven seconds after the 48-foot-long weapon left its seaside launching cell.

The first Nike Zeus test—Sept. 9—ended with an explosion attributed to a communications break between the missile and guidance radar.

Berlin Assured of U. S. Aid, Brandt Declares

By JOHN FIEHN

BERLIN (AP) — West Berlin Mayor Willy Brandt said today that the American people are solidly backing their government's determination to keep West Berlin free.

Reporting on his two-day visit to New York, Brandt emphasized that "rarely has the U.S. government committed itself so irrevocably than on the issue of freedom of West Berlin."

Americans are determined to defend West Berlin because they know that Berlin isn't the only issue at stake, he told a news conference. He said Americans as a whole—the men in the street, he met—are solidly behind the U.S. government's determined stand on Berlin.

While in New York to receive a Freedom House award, Brandt also talked with President Kennedy on the telephone. He refused to give details of their conversation, saying they had an exchange of thoughts and the President congratulated him on the speech he delivered when he received the award.

Brandt was critical of the many voices now expressing views on Berlin and Germany.

"The trend to discuss in public all the facets of the Berlin and German situation is, I think, not in the interest of the West," he said.

The disclosure of possible Western concessions in Berlin weakens the Western position at the conference table with the Soviets, the mayor declared.

Communist border police showed fresh belligerence Sunday night by firing on four West Berliners after feigning an escape attempt. Two West Berliners were believed captured in the phony maneuver; the other two escaped unhurt.

The two who got away said they were lured to the barbed wire barricade in a wooded area of the American sector by Red guards who gave the impression they wanted to flee to the West. When the West Berliners tried to open a gap in the fence, the guards opened fire.

Seeking to quiet press criticism of the replacement of U.S. combat troops along the East Berlin wall by military policemen, the U.S. command in Berlin said the police were "experienced specialists" in border duty replacing younger and relatively less experienced combat troops.

"Our combat troops are always on the alert," a U.S. spokesman said. "If necessary they can be brought to any point of the border within a few minutes."

Two visiting U.S. senators had reassuring words for the West Berliners.

Sen. Hubert H. Humphrey, D-Minn., told them West Berlin would emerge from the present crisis with its freedom "not only guaranteed, but strengthened."

Sen. Jacob K. Javits, R-N.Y., said U.S. policy remained "to honor to the letter our commitments on the security and freedom of Berlin, on the non-recognition of the East German regime, and on not making the Bonn government deal with the regime."

JFK Makes Trip to Texas to See Mr. Sam

By DOUGLAS B. CORNELL

NEWPORT, R.I. (AP) — President Kennedy undertook today a sad, sentimental journey to Texas to comfort ailing Sam Rayburn.

The President switched plans and ordered his Air Force jet to head for Dallas, Tex., instead of back to Washington at the close of a weekend in Newport.

The 72-year-old speaker of the House is gravely ill in a Dallas hospital, combatting incurable cancer.

Distinguished national leaders and politicians have been phoning or dropping in to see him. Kennedy himself has been kept informed constantly of Rayburn's condition. He has been checking for several days to find out whether it would be wise for him to visit the speaker's bedside.

The decision was reached this morning to make the trip.

As the man who served longer than any other as speaker, as "Mr. Democrat" to both political friends and foes, Rayburn was a powerful ally of the President in Congress. He left Washington a month before Congress adjourned to go home to Texas and try to get rid of what he said was lumbago in an aching back.

Rayburn has not been told by his doctors that cancer is striking down his long lustrous career in politics.

Kennedy's plane will leave for Dallas at 2:30 p.m. (EDT) and arrive at Love Field at 3:35 p.m. (CST) after a trip of three hours and five minutes. He was expected to leave Dallas at 5 p.m. (CST) and reach Andrews Air Force Base at Washington at 9:15 p.m. (EDT).

Kennedy is trekking westward again next month on a different kind of trip. It will be a mid-November speaking tour.

16 Meet Death by Violence

By THE ASSOCIATED PRESS

Sixteen persons died violently in Arkansas in the week ended at midnight Sunday. Eight were killed in traffic accidents.

Dallas Kirsy, 49, of Newport, died Sunday in a Newport hospital of injuries received in a two-car accident four miles east of Newport Friday.

State Police said his car collided head-on with one driven by Mrs. Ruby Bagwell, 45, of Newport.

Three persons died in a fire in Arkansas last week, two died in falls, two in two separate truck-trailer accidents, and one by electrocution.

James L. Calkins, 37, of Varina, Iowa, gravel hauler, was killed near Walnut Ridge Saturday when he lost control of his gravel truck and it overturned on U.S. Highway 63. He was returning to Varina.

Cotton Crop Estimate Up 72,000 Bales

WASHINGTON (AP) — The Agriculture Department today estimated this year's cotton crop at 14,334,000 bales of 500 pounds gross weight.

This figure is 72,000 bales more than last month's official forecast of 14,262,000 bales. It compares with 14,272,000 produced last year and 13,553,000 for the 10 year (1950-59) average.

The crops are being grown under federal planting and marketing controls designed to prevent excess production.

Supplementing the crop will be a carryover of about seven million bales from past crops.

The production estimate compares with prospective market demands of about 14.5 million bales.

The Department estimated the yield of lint cotton at an average of 440 pounds an acre.

In an accompanying report, the Census Bureau said 2,663,436 running bales from this year's crop had been ginned by Oct. 1, compared to 7,677,243 to the same date last year.

The indicated yield per acre and production, respectively, by states included:

Communists Must Register, Court Upholds

WASHINGTON (AP) — The Supreme Court today refused to reconsider its June 5 decision that the Communist party must register as an arm of the Soviet Union.

In its petition for reconsideration, the party said the court's decision destroyed the protection of the Constitution's First Amendment and opened the way for Congress to "outlaw any dissident political group simply by making opprobrious findings."

Justice Frankfurter, author of the court's June 5 opinion, on June 20 granted a stay of effectiveness of the decision until the tribunal acted on the petition for reconsideration. If the stay had not been granted, the court's mandate for enforcement of the decision would have been issued June 30.

Communist party officials declared after the June 5 decision that they did not plan to register. Atty. Gen. Robert F. Kennedy then announced proceedings against the party would be under way by Aug. 9, but Frankfurter's stay required deferment of action.

Parks Work Outlined by Commission

LITTLE ROCK (AP) — Eight emergency park construction projects costing \$600,000 were outlined Saturday by the state Public and Parks Commission.

Funds for the construction were provided in a \$900,000 appropriation approved by a recent special session of the legislature. Gov. Orval E. Faubus must approve the projects before any money can be spent.

The commission also announced it favored Arkansas participating in the 1964-65 World's Fair in New York but said it wanted to study the situation further before making any recommendations.

A special committee to conduct such a study was set up by the legislature.

State Sen. Roy Hales of Mena was told by the commission that top priority would be given to a \$120,000 item for completion of facilities of Queen Wilhelmina

JFK Hopeful for More Red Talks

By JOHN HIGHTOWER

WASHINGTON (AP)—The Kennedy administration hopes to persuade U.S. allies in the next two or three weeks to go along with further exploratory talks with the Soviet Union on the possibility of negotiating a compromise settlement of the Berlin crisis.

Western consultations are expected to move forward on several fronts, including discussions among State Department officials and the ambassadors of Britain, France and West Germany.

One step in the process was scheduled today with a meeting between Secretary of State Dean Rusk and Ambassador Walter C. Dowling, the U.S. envoy to West Germany. West Germany's views on the future of Berlin and related German issues are crucial to Western agreement.

The Allies appear to be basically split over Berlin policy prob-

lems. The West German government, grappling with its own internal political difficulties, is apprehensive about agreeing to the greater flexibility on the Western side which Rusk and President Kennedy want for negotiations with the U.S.S.R.

The French government is fearful that the Soviet Union may consider Western interest in exploratory talks a sign of weakness in facing up to Red threats over Berlin.

The British government is eager for negotiations and British officials have been reported mildly hopeful that a reasonable formula can be worked out with the Soviets.

Kennedy and Rusk are said to feel that at the very least it is extremely important to continue East-West exploratory talks.

The first round of such talks ended here Friday night in a two-hour meeting which the President and Rusk held with Soviet Foreign Minister Andrei A. Gromyko. This was the fourth of a series of conversations which began between Rusk and Gromyko in New York three weeks ago. The end result at this point is failure to agree on a negotiations formula.

Injectons May Help Mr. Rayburn

DALLAS, Tex. (AP)—Speaker Sam Rayburn, a relentless fighter for all his 79 years, has begun receiving injections that may help him in his battle with cancer.

Rayburn is taking an experimental drug called "5 Fluoro-uracil." If he responds well, he will get daily injections for around two weeks.

Dr. Ralph Tompsett, chief of internal medicine at Baylor University Medical Center, said the first treatment was given Rayburn Sunday. It will be several days, he said, before it is known whether the drug produces undesirable side effects.

The drug is not a cure, but it may halt the spread of cancer. Rayburn appears to be doing about as well as can be expected. Each medical bulletin has said "rested fairly comfortably" or "ate reasonably well."

Rayburn is eating what he likes and Sunday had one of his favorite foods: honey.

A press room has been set up in a small library. Twice each day a news conference is held in a room next door. Doctors strive to give new answers to the same old questions, but basically they add up to this: Rayburn is an extremely sick man but, yes, there's some hope.

Doctor Up for Poisoning His Wife

PORT ORCHARD, Wash. (AP)

Dr. Robert E. Boehme, 41, accused of injecting poison into his wife's arm, was to be arraigned today on a charge of first-degree assault with intent to kill.

His wife, Dorothy, 34, said she would leave her hospital bed to be at his side.

Boehme was freed on \$25,000 bond after his arrest Saturday. An attractive nurse, Mary Boehme, 28, Annapolis, Wash., was arrested as a material witness, and released on \$5,000 bond.

Mrs. Boehme was married to the doctor's brother, Jack, an Oregon State University pharmacy student, for about three years. They were divorced in 1959.

Prosecutor Gordon Walgren said Dr. Boehme is accused of injecting poison into his wife's arm with a blood-sampling syringe Sept. 20.

Dorothy Boehme called the charge "preposterous."

The doctor said his wife had been a diabetic for about 20 years and recently suffered from hepatitis, an inflammation of the liver.

"I love my wife," he said. "To say that I would try to destroy her is fantastic."

The couple has two sons, aged 8 and 10.

The involved case took another twist when the prosecutor said he and Mary Boehme had filed an

application for a marriage license June 22.

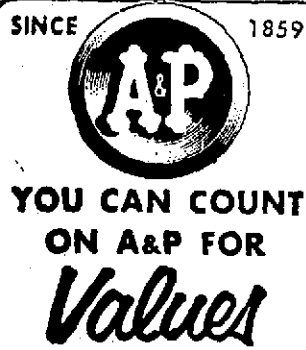

Walgren, himself divorced and now engaged to another woman, said he never had any intention of marrying the nurse.

"I was investigating her conduct and wanted to see if she would go through with the idea of marriage," he said. "She broke off with me the same day."

Walgren said the investigation began nine months ago, after he learned Dr. Boehme had telephoned a woman in San Francisco and said: "You'll be swimming in my pool within six months."

Investigators said the physician made several trips to California while Mary Boehme was there. Dr. Boehme said his relationship with Mary Boehme was that of a doctor and a patient.

DOROTHY DIX 18-Year-Old Finds Being On Own Rough-Going!

By HELEN WORDEN ERSKINE

Dear Helen: My parents legally separated last summer, sold our beautiful home, divided the money and gave the brand-new furnishings to me. Mother moved to the city, taking my 7-year-old sister. Father went to the West.

Mrs. Early Brunson of Seminole, Okla. and Mrs. Maud Clements of Ft. Worth have been visitors of their sister, Mrs. L. A. Boyce of Spring Hill.

Constant with my 15-year-old brother. Because of an excellent job and my boy friend, I remained in the East, rented an apartment, put "my" furniture in it and launched out on a life of my own. Although 18, I'm actually not adult enough to be on my own and seriously doubt that any 18-year-old girl is.

The boy friend has been a tremendous help financially and mentally but I need and miss my family more than anything else in this world. Life has changed so swiftly I can't keep up with it.

I could live with Father but this would necessitate me walking out on my job and boy friend. His parents won't let him go to the West Coast and the say is theirs since he is not yet 21.

Mother refuses to let me live with her, on the grounds that she can't afford it. This is nonsense for I earn more than she and would be willing to pay my share. Father has even offered to take her back but she won't hear of it.

I can't stand my life much longer. Help me decide what to do. —Homesick

Dear Homesick: Life is change. With every change comes a wrench of heart but, try as we will, the past cannot be recalled. Were it possible we would remain static, which is stagnation, or death. So, get on with your life and let your parents manage theirs. They will anyway.

If you're lonely, invite some girl friend to share your apartment. Deliberately seek new friends. Force yourself to go places, meet people and look your best.

Count your blessings: A good job, home of your own and a boy friend who loves you. Lucky girl! Fate has handed you a golden opportunity. Make the most of it.

Dear Helen: I am a man of 82 years old. My wonderful daughter-in-law who has done the impossible—nursed me back to health—will soon have a birthday. I want to give her something extra special to show my loving appreciation. Any suggestions?—J.R.M., Cheshire, Conn.

Dear J.A. good daughter-in-law deserve a star in her crown. But

Deaths Around the Nation

ILLGEM CITY, Minn. (AP)—Harold E. Wood, 64, president of the Minneapolis-St. Paul Stock Exchange and chairman of the board of the National Association of Securities Dealers, was killed in a traffic accident Saturday.

LONDON (AP)—The Rev. Brian Hession, 52, an Anglican clergyman who started an anti-cancer campaign seven years ago when American doctors gave him only three days to live, died Thursday of cancer, it was announced Sunday.

OAK PARK, Ill. (AP)—Arthur R. Kaiser, 73, retired general manager of Sears Roebuck and Co.'s tax department and author of several books on taxation died Sunday.

CHICAGO (AP)—Thomas J. Howard, 68, retired chief photographer of the Chicago Sun-Times and a news photographer for 41 years, died Sunday of a heart ail-

ment. Howard was the photographer who shot the famous and controversial picture of the election of husband-killer Ruth the Earl May Seed and Nursery News in 1928. He began his career with the Chicago Tribune in 1919, Prairie City, Ill.

Cotton Worker Dies in Wreck

ARKADELPHIA, Ark. (AP)—A Mexican cotton worker was killed and his wife seriously injured in a car-truck collision near Arkadelphia today.
The couple's nine children, riding in the car with them, escaped with minor cuts and bruises.
Dead was Jesus Castanon Pima, 37, whose home address was listed as New Edinburg, Tex. Mrs. Pima, 37, was hospitalized at nearby Hot Springs.
State Police said Pima's car and a truck driven by William Anderson, 59, of Curtis, Ark., collided at an intersection 10 miles south of Arkadelphia on U.S. Highway 67.
Officers said the truck pulled onto the highway from a side road.
Names of the children were not available.

Although all of the northern hemisphere will register some radioactive particles, wind patterns will confine heaviest concentrations to the shaded area. Increases in the level of radioactivity have already been registered in many places, but most of the fallout will not settle until next June, after spring rains wash it out of the sky. Western monitors have spotted three locations as sites of the Soviet blasts (mushroom clouds on map): the Arctic island of Novaya Zemlya; somewhere east of Stalingrad; near the city of Semipalatinsk. UAW Profit Sharing Plan Is in Doubt

By BEN PHLEGAR

DETROIT (AP)—The future of the auto industry's first workers' profit sharing plan — American Motors' contract with the United Auto Workers—was cast in doubt today.
AMC's Local 72 of the UAW at Kenosha, Wis., acting contrary to the four other locals of the company, rejected the plan formally Sunday night.
An official spokesman for AMC said the company would make no comment until the UAW makes a statement on the situation. The spokesman said that as far as AMC was concerned a contract had been agreed to in negotiations and ratification was up to the union.
International officers of the UAW reportedly were in a huddle on what step next to take. The AMC development came as another nettlesome problem in the months-long effort to settle on new three-year contracts in the auto industry.
Ford Local 600 of the UAW set out picket lines barring office workers from entering the company administration building in the week-old strike against Ford.
Since last Tuesday, Ford's 120,000 hourly workers have been on strike over local plant issues.

Crossett Workers Return to Jobs

CROSSETT, Ark. (AP) — Union employees at the Chase Bag Co. plant here returned to their jobs at 7 a.m. today, ending a strike which began Sept. 21.

Plant Manager John Bender said the factory would operate at three-quarters capacity to meet current orders and maintain its stocks. This means one full shift and one partial shift, Bender said.
The men are members of the Pulp, Sulphite and Paper Mill Workers Union.
The wildcat strike, called in a dispute over seniority rights, classification crossing and job combining, cost the strikers an estimated \$10,000 a week in take-home pay.
John J. Burke of New York, international president of the union, charged four days after the wildcat strike started that it was "unauthorized" and ordered the members to return to their jobs.
The union issued a statement Sept. 25 in which it said the workers would return to their jobs "as soon as Chase Bag Co. is ready to abide by the contract."
Company officials would give no hints as to whether the strikers would be allowed to return to their jobs. They had been removed.

Judge Replaced

LITTLE ROCK (AP) — Chancellor Paul X. Williams of Booneville will replace Chancellor Guy E. Williams on the Pulaski Chancery Court bench while Williams is hospitalized for surgery. Williams is hospitalized for surgery.

Company officials would give no hints as to whether the strikers would be allowed to return to their jobs. They had been removed.

Fists Swing Between Reds and Dutch

AMSTERDAM (AP) — A free-swinging fist fight broke out at Amsterdam airport today between Dutch police and Soviet Embassy officials, including Ambassador Panteleimon K. Ponomarenko, who was heard to shout at one point: "Do you know I am the ambassador?"

The brawl erupted in a dispute over the passport of a Soviet woman tourist who police feared was being taken back to Russia against her will.

The Soviet officials were huddled behind the police office—at least one of them nursing a bruise.

Premier Jan de Quay then summoned the Soviet ambassador to the Hague for a conference while the woman remained at the airport.

The Soviet tourist, Mrs. Alexei Golub, is the wife of a 35-year-old Soviet chemical engineer who defected Saturday and asked asylum here. She was brought to the airport today, accompanied by Soviet officials, to board a plane back to Moscow.

Soon afterward 15 Soviet Embassy men, including Ponomarenko, stormed into the police office at the airport demanding Mrs. Golub's passport. The policeman in charge, Frits Veltman, refused to hand it over until he talked with Mrs. Golub and had her assurance she was returning of her own free will.

Witnesses said a fist fight then broke out, involving at least six Dutch police and a similar number of Soviet officials.

At least one Russian—press attache A.D. Popov—was hurt in the brawl, witnesses said. The Dutch policeman Veltman also had a bloodied hand when he later spoke to newsmen.

Later Mrs. Golub was taken by Ponomarenko and other Soviet officials to the airport office of the Soviet Aeroflot airline. A dozen Dutch military police stood on guard outside the room.

There they resumed the discussions but police still insisted on a personal interview with Mrs. Golub before handing over her passport.

The Golubs were staying in Amsterdam with a group of 29 Soviet tourists at the fashionable Hotel Schiller. A police spokesman said that on Saturday both left the Schiller and went to another hotel nearby.

As a result of what the husband told the manager, police were called and took Golub away in a police car. By this time, however, Mrs. Golub had disappeared.

Dutch officials say they believe Mrs. Golub had originally also intended to ask for political asylum, but apparently changed her mind.

More White Women Prisoners Now

CUMMINS PRISON FARM, Ark. (AP) — Prison Supt. Lee Henslee reported Thursday that, for the first time in history, he has more white than Negro woman prisoners. Henslee said there are 20 white women and 24 Negro women serving sentences.

Futrell Hall

FAYETTEVILLE, Ark. (AP) — Dr. David W. Mullins, president of the University of Arkansas, announced Saturday the university will name its new women's dormitory for Annie D. Futrell, widow of Dr. John C. Futrell, U of A president from 1914 to 1939. The selection was recommended to the Board of Trustees by a faculty committee. Mrs. Futrell, now 89, still lives at Fayetteville in her family's 93-year-old house.

Supersonic Flights Slated Over State

LITTLE ROCK (AP)—The Air Force said today that five supersonic flights are scheduled over Arkansas this week by bombers from Bunker Hill Air Force Base, Ind.

Sonic booms can be expected in the air corridor between Little Rock and St. Louis, the Air Force said, at the following times:

Tuesday: Between 1:25 and 1:45 a.m. and between 1:35 and 1:55 a.m. "Two planes are scheduled early Tuesday."
Wednesday: Between 1:35 and 1:55 a.m. and between 10 and 10:20 a.m.
Thursday: Between 10 and 10:20 a.m.

State Show Off in Attendance

LITTLE ROCK (AP) — The Arkansas Livestock Exposition, which wound up a six-day run Saturday, drew 178,758 visitors, considerably fewer than the record turnout of 223,000 in 1952.

Blonde Judith Eddins, 16, of Des Arc, was named Miss Arkansas Fair Queen Saturday night. She is the daughter of Mr. and Mrs. Willis Eddins. Her measurements are 36-23-36.

Judith received a \$250 scholarship. Runners-up were Glenda Ann Johnson of Monticello and Carla Lane, Searcy County Fair Queen.

Difference Small

LITTLE ROCK (AP)—Only six points meant the difference between being runner-up and Miss America for Frances Jane Anderson, according to Bob Evans of Helena, Evans, who handled publicity for the Pine Bluff beauty in the Miss America contest, told the state Parks and Publicity Commission that Frances Jane would have won "if she had just had a little more talent."

Wins Talent Contest

LITTLE ROCK (AP) — Singing "If I Loved You" and "Let My Song Fill Your Heart," Karen Russell, 19, of Fayetteville, won first prize of \$250 in the state wide youth talent contest Saturday at the Arkansas Livestock Show.

AMC local 72's contract rejection, reportedly by a slim margin, came at a sparsely attended mass meeting of the local at Kenosha, Wis. Only about 3,000 of the local's 12,000 members cast ballots.

These reportedly included elimination of a five-minute washup period, changes in the seniority system, and the dropping of one cent an hour in cost of living pay in exchange for a five-minute washup period at the end of a shift.

UAW President Walter P. Reuther declined comment pending official word from Kenosha. Reuther, however, said he felt contract ratification would have to be effected by the total vote of the AMC union membership—about 25,000 men.

The four other AMC locals had voted ratification earlier. These included two in Detroit, one in Grand Rapids, Mich., and one in Milwaukee.

A total vote has not been announced. However, it is known to have been close.

Green Bay Turns Back Baltimore

By MIKE RATHET

Associated Press Sports Writer
Versatile Paul Hornung, Green Bay's perpetual man-in-motion and a rarity among pro specialists with his triple threat abilities, is putting the power in the Packers' drive to retain their Western Conference title in the National Football League.

The 25-year-old former Notre Dame star had his best day in the play-for-pay ranks on Sunday when he scored 33 points on four touchdowns, a field goal and six conversions in Green Bay's 45-7 romp over the Baltimore Colts.

The Green Bay victory, coupled with San Francisco's 35-0 thumping of Los Angeles, broke a four-way tie for first place in the Western sector and left the Packers and 49ers at the head of the class with 3-1 records.

Four teams remained tied for first in the East with 3-1 marks as Cleveland beat Washington 31-7, Philadelphia's league champion Eagles defeated Pittsburgh 21-16, New York whipped St. Louis 24-9 and Dallas' downed Minnesota 28-0. Chicago moved up in the West by blasting Detroit 31-17.

Hornung broke Don Hutson's club record of 31 points set in 1945 by scoring on runs of 54, 15 and 10 yards, taking an eight-yard pitch from Bart Starr for another TD, kicking a 38-yard field goal and the half dozen extra points.

The field goal sent the Packers in front to stay 10-7 in the second quarter.

The 49ers again alternated passers John Brodie, Billy Kilmer and Bob Waters effectively in the shotgun offense to overwhelm the Colts (1-3). Kilmer scored twice in short runs while Waters passed 25 yards to R. C. Owens for one TD and tallied on a 4-yard burst.

Bobby Mitchell, who lost his starting job to rookie Tom Watkins, won it back with three long TD jaunts for the Browns, scoring on a 52-yard pass from Milt Plum, a 64-yard punt return and a 31-yard dash around end. The Redskins (0-4), losing their 12th in succession, scored on a six-yard pass from first-year quarterback Norm Snead to Tom Osborne.

A 17-yard TD flip from Sonny Jurgensen to Pete Retzlaff sent the Eagles ahead 10-7 against the Steelers (0-4) after an interference penalty gave them the ball on the 4-yard line. They scored the clincher in the final period, again after an interference penalty, when Jurgensen pitched a two-yard strike to Retzlaff. The key play, however, was Tim Brown's 64-yard run with a kick-off.

The Giants led 7-2 in the third period before breaking it open against the Cardinals (2-2), when the defensive unit swarmed over St. Louis passer Sam Etcheberry and caused two fumbles. They led to a one-yard scoring plunge by Alex Webster and a 12-yard TD ramble by linebacker Sam Huff.

Dallas' Don Meredith tossed a 12-yard scoring aerial to Bill Houston and a 52-yarder to Frank Clarke, who also grabbed a 23-yard TD pass from Eddie LeBaron. It was the third straight loss for the fledgling Vikings (1-3).

Mike Ditka tied it 17-17 for the Bears (2-2) on a 37-yard pitch from Billy Wade, then set up the clincher on a 40-yard reception as Wade took it the final yard. The Lions (2-2) had tied it on a 100-yard kickoff return by rookie Pat Studstill.

THE FREE-FORM HOME—Windows, doors, walks and chimneys all flow together in this house design by St. Louis architect John C. McEwen. It is a revolutionary thought, established idea that a house should fit the landscape. Though in appearance "primitive" to the point that it is reminiscent of the cave living of early man, it is entirely practical. Metal lath and cement plaster are the basic materials for the "continuous" construction.

THE WHEREWITHAL — Disposable income for each individual (what's left over after all taxes) has more than tripled in the 80 years since 1880, in spite of greatly increased taxes. Disposable income per family also rose, but not by the same percentage because the average family size has declined. Data: Committee for Economic Development.

WHAT'S AHEAD—If the nation's growth continues at a three per cent rate, by 1975 the gross national product will rise to \$725 billion (measured by 1956 prices). If the share absorbed by the government does not change, American families will have an average of \$7,100 available annually for spending and saving, after taxes. In 1960 they had \$5,600 (also in 1956 prices). Data from the Committee for Economic Development.

THE STORY: After the party at Don Willie's Mike Beecher goes to a bar operated by Donald O'Brien, known in the Spanish village as The Irishman. O'Brien and Mike are good friends although Mike suspects that the Irishman is engaged in smuggling.

Chapter VII

Now Beecher lit a cigarette and drummed his fingers on the bar. "Don Willie's offered me a job, Donald. Selling stocks and bonds in Rabat. How does that sound to you?"

"Him. Might be a good thing," "For me or him?"

"Well now, Mike, that's hard to say," he frowned faintly. "It's a curious coincidence. I was thinking of asking you to come in with me, actually. I need someone who speaks the language and can keep tabs on the waiters. They're a childish lot and not above pinching the odd peseta, you know. Would that interest you now, Mike?"

"Don Willie's offer stinks. Is that what you mean?"

"Well, now, I wouldn't be saying that, Mike. But you don't have to accept it. Remember that."

Beecher smiled again. "I've got two offers to sleep on now, I'm becoming a celebrity, Donald."

Beecher got up early the next morning and swam for half an hour in the small pool at the foot of his garden.

When Adela brought his breakfast tray of buttered toast and coffee to the side of the pool, he told her he would like a picnic lunch by noon if possible.

"For two?" she asked.

"Yes."

"She's very pretty," she said with simple, friendly confidence. Beecher went up the main street of the village to the central plaza and bought the Spanish newspaper Pacific 8.

self-consciously. "Hahn't thought you noticed it," he said. "Nonsense, wasn't he? But I thought it best to let him chew on me for a bit. I was alone, after all."

Beecher packed the lunch and wine in the back of the car and drove off to get Laura. They swam that day at the foot of a steep cliff, off an isolated bench a dozen miles from the village.

He knelt beside Laura and rubbed the cool oil over her shoulders and down her back. The sun was hot on his neck, and a strand of his dark hair hung over his eyes. When he brushed it away he realized his hands were trembling.

In a soft voice, she said, "Thank you, Mike. That's fine." "You said to use lots of it," "I know." She turned her head to look at him, and he saw that her eyes were strangely clear and bright. "But you're not playing with modeling clay," she said, with a careful little smile. "I'm nervous as if he were gambling his life on the turn of a card, Beecher put the bottle of lotion

AFL Players Know About Tight Rope

By THE ASSOCIATED PRESS

American Football League coaches know by now what it means to walk the tight rope — and they do it every Sunday.

Since Oakland settled down and started playing football the AFL games have been as close as a glued toupee. The widest margin has been 14 points.

San Diego, the only unbeaten team left in the league, has been escaping the real close ones but the margin wasn't exactly comfortable last week as the Chargers

beat Boston 38-27 to stay firmly on top of the Western Division.

Jack Kemp had to give one of his patented performances in order for the Chargers to whip the tennacious Patriots. Kemp passed for three touchdowns, which was the difference in the ball game.

The saddest note of the week-end was Houston's third straight defeat. The Oilers took a 22-12 trouncing from Buffalo and plunged into the cellar of the Eastern Division, two games away from the leader, New York.

Warren Rabb, who started in the NFL with Detroit last season, got in for the first time with Buffalo and proceeded to pilot the Bills to victory. His 13-yard touchdown pass to Perry Richards, snatched by Houston three weeks ago, was the clincher.

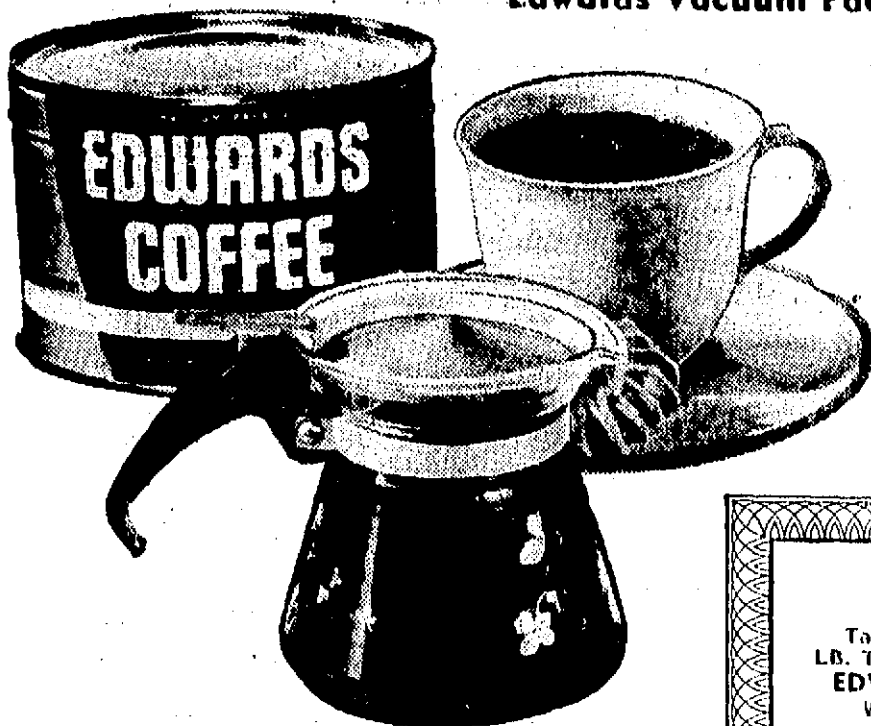

Dallas hung in there with a 19-12 triumph over Denver. The Texans strengthened their second place spot in the Western Division when they ran up 19 points Sunday encounters. Houston plays and then beat off a Denver rally at Boston Friday night.

Siloam Springs to Get Plant

SILLOAM SPRINGS, Ark. (AP) — Mayor Robert Henry announced today that the Franklin Electric Co. of Bluffton, Ind. would build a motor plant here.

Henry said he received word in a telegram from E. J. Schaeffer, company president.

Schaeffer said construction of a 60,000 square foot building would begin as soon as plans can be drawn. The plant should be in partial operation by next April, Schaeffer said.

About 300 persons will be employed making electric motors for pumps.

Nearly half of all the citizens of Kansas live on farms. The state's rural population percentage is one of the highest in the United States.

Simplified Tax Form Is Ready

WASHINGTON (AP) — Uncle Sam today unveiled the new, simplified, two-page form 1040 to be used in paying the tax on this year's individual incomes.

It presents the best effort of the Internal Revenue Service to use plain English instead of legalistic gobbledegook, and it eliminates one tax form entirely—the old 1040W.

The new form is printed on better paper in bigger type. It will arrive in December in a revised 1961 instruction book.

Here is an example of the difference:

The first question on the 1961 form will say simply: "1. Wages, salaries, tips, etc., and excess of allowances over business expenses."

On the form for 1960 the same line read:

"1. Enter all wages, salaries, bonuses, commissions, tips, and other compensation before payroll deductions (including any excess of expense account or similar allowance paid by your employer over your ordinary and necessary business expenses. See instructions, pp. 5-6)"

IRS Commissioner Mortimer M. Caplin, who promised Congress when he took office that he'd try to make the annual struggle with tax forms easier on taxpayers, told a news conference:

"As long as the tax form has to mirror the tax laws, we cannot have complete simplification. But we think the great bulk of people can be better served with this new basic two-page form."

The new 1040 is for taxpayers whose income came from salaries and wages and who did not receive more than \$200 of dividends and interest.

The old form 1040A, the punch card form, continues to be available for those with less than \$10,000 total income. It has been only slightly revised.

Taxpayers who have more than \$200 of income from dividends, or interest or who have income from farming, partnerships, businesses, annuities or capital gains must use additional "schedules," attaching them to the new 1040.

One feature of the new form gives Caplin particular pride, he indicated; the entire tax computation has been brought to the first page of the return, eliminating the need for taxpayers to flip pages back and forth while carrying numbers in their heads.

Eliminated also is the question whether you owed any federal tax for previous years. "We have that information," Caplin said.

Charges JFK Trying to Use Press

WASHINGTON (AP) — Republican National Chairman William E. Miller said today the Kennedy administration was guilty of censorship, favoritism and "attempting to use reporters as political propaganda conduits."

Writing in Editor and Publisher, a newspaper trade magazine, Miller, a New York congressman, said Americans' "right to know is being cruelly eroded and will continue to be until this administration comes to regard information as a public trust rather than a political puff operation."

"Last April," said Miller, "the Freedom of Information Committee of the American Society of Newspaper Editors concluded that the Kennedy administration had run out on its glowing campaign pledges to keep the American people fully informed. Sigma Delta Chi's (professional journalism fraternity) Freedom of Information Committee, equally disillusioned, underscored these findings."

Miller said the facts on the President's back ailment "were suppressed for three weeks and revealed to reporters only when the need to appear in public with crutches forced it out."

"Compare this," he said, "with the prompt straightforward, complete release of details on former President Eisenhower's illness."

Miller said that "perhaps the administration's craziest attempt to use newsmen as propaganda pipelines came in mid-September when a group of 30 Washington correspondents met secretly at the home of a reporter for a favored Kennedy paper."

"Among those not invited: the Los Angeles Times, Dallas News, Detroit News, Chicago Tribune, Kansas City Star," Miller said.

Miller said White House staffers arrived at the meeting with a memorandum "setting forth the 'line' on the Kennedy administration's 'successes' in the 1961 session of Congress."

"Its White House source was to

Fort Smith Takes Over Top Spot

By THE ASSOCIATED PRESS

Fort Smith's Grizzlies have taken over the top spot in the weekly Associated Press Poll of Arkansas schoolboy football teams.

Little Rock Hall held the lead in the first four polls of a board of sports writers. Fort Smith beat Little Rock Central last week 19-0 while Hall was squeezing by Blytheville 13-6.

Both teams have 5-0 season records, are unbeaten in Big Nine Conference play, and are co-favorites in the league race.

Fort Smith edged out Hall for first place by only one point. Four first place votes and three second place ballots went to Fort Smith and three first place votes and four second place went to Hall.

Benton's Class AA Panther's retained third place and Jonesboro, the Region 3AA power, held fourth. Blytheville was fifth despite its first loss of the season, to Hall.

Hall's Big Nine title chances were dimmed when star quarterback Johnny Beard suffered a broken wrist two weeks ago. He wasn't in the man-under role when the Warriors met Blytheville last week and that factor may have had some influence on the voting.

The results of the poll, with first place votes and records in

parentheses and total points, based on 10 for first, 9 for second, etc., at right.

1. LITTLE ROCK (AP)—The State Health Department put several southwest Arkansas counties under a rabies alert Thursday and recommended a dog quarantine for Polk County. Other affected counties are Howard, Montgomery, and Hot Spring, and Dr. J. T. Herblino, Van Buren; (2) Polk County, state health officer, said a quarantine for Howard County would be recommended today.

Others: Russellville; Van Buren; Wynne and Helena (tie); Fayetteville.

"Olympiad" is a Greek word meaning a four-year period.

Creation of New Football Division Seen

LITTLE ROCK (AP) — The Arkansas Athletic Association will act Nov. 2 on a proposal to completely reclassify Arkansas high school districts, creating a new division.

The present Big Nine teams, except Blytheville, would move up to Class AAAA from AAA. A new AAA division would be made up of Blytheville, Jonesboro, Benton, Jacksonville, Springdale and Fayetteville.

Class AAAA would have schools with 900 students and over, except for Little Rock Hall, which would enter by choice with 715 students. Class AAA would have 700-899 students. Class AA would have 450-699.

One drawback of the Class AAA league is that the teams are scattered so widely. Two are in east Arkansas, two in central, and two in west Arkansas.

The reclassification would pave the way for the return of playoffs.

Here is the way the teams would line up in AAAA and AA:

AAAA—Little Rock Central and Hall, Fort Smith, Hot Springs, Texarkana; North Little Rock, Pine Bluff, El Dorado

AA—(1) Harrison, Rogers, Sulphur, Van Buren; (2) Polk County, Helena, Newport, Paragould, Stuttgart, West Memphis; (3) Little Rock Catholic, Conway, Mabelvale, Morrilton, Russellville, Camden; (4) Crossett, Hope, Magnolia, Malvern, Camden Fairview.

LITTLE ROCK (AP) — The Arkansas Razorbacks finally rounded into form Saturday night with a smashing 28-3 victory over Texas Christian. Now the big question is whether they can keep that form against Baylor and Texas on the net two Saturdays.

Two weeks with those opponents might do in any team in the nation. Some Hog fans felt after the TCU triumph that if Frank Broyles & Co. can get past the net two, they'll have it whipped, even though they must go to Houston to play Rice.

Baylor had an open date last week. It was ranked 10th in the nation after a 31-0 victory over Wake Forest and a 16-13 triumph over Pittsburgh. The Bears are certain favorites over Arkansas, despite the Hogs' fine showing against TCU.

The Baylor game is Saturday night in Waco. The Texas game is the following Saturday afternoon in Fayetteville. Broyles will begin taking them on at a time today, when he sends the Hogs through their first Baylor-shaded workout.

It was almost a perfect night against TCU. Arkansas got 344 yards of offense, set up a long touchdown drive in each period, and got superb quarterbacking from George McKinney and Billy Moore, who was planning his first game after being out with a knee injury.

Texas Christian was big and eager, and got a 3-0 edge in the first two minutes on Jerry Spearman's 35-yard field goal after the Frogs recovered a fumble by Billy Joe Moody.

After that, it was all Arkansas. McKinney scored on a two-yard sneak after a 65-yard drive in the first quarter, and on a one-yard plunge after a 52-yard push in the second period. It was 14-3 at half-time.

Jimmy Collier grabbed a frog fumble in the third period and the Hogs went 61 yards with Moore going in from the one. Darrell Williams got a fumble in the fourth and Arkansas went 77 yards with halfback Paul Dudley going the last two yards. Mickey Cissell kicked four points.

Moody was the leading ground gainer from his fullback spot with 66 yards on 13 tries. McKinney got 61 yards, Dudley 41 and Lance Alworth 31. McKinney got 45 yards passing and Moore 13. Defensively, linebacker Danny Brabham stood out with four tackles and nine assists. It was his best play since becoming a defensive specialist and assaying to replace Wayne Harris.

TCU's Sonny Gibbs, the star quarterback who hurt his ankle when a ramp collapsed as the team was boarding a plane in Fort Worth for the flight to Little Rock, apparently wasn't hampered by the injury. He hit seven of 13 pass attempts for 73 yards but fumbled away one of TCU's big opportunities on the Arkansas 13. In the first quarter but there the Hogs bucked up and Gibbs over-shot Pete Hill in the end zone on fourth down.

Iowa Barely Skims by Southern Cal

The best way to break up a log jam is to get right after it. That's exactly what Michigan and Michigan State did over the weekend with the football-type jam developing in the Big Ten.

Both teams have suddenly become top-flight contenders for the Big Ten title, and also for national honors, now that Iowa, currently ranked first in The Associated Press weekly poll, and Ohio State have been proven human.

Michigan State, ranked sixth, crushed Sanford 31-3 Saturday for its second victory in as many starts, and now awaits the Wolverines, before a national television audience. Michigan wrapped up previously unbeaten Army 32-0.

Jowa skimmed by Southern California by the slimmest of margins, 35-34, while Ohio State had to buckle down to beat UCLA 13-3. Michigan State does not play either, so a victory over Michigan would put it in a good position to stay atop the conference.

Iowa, Michigan and Ohio State all must play one another, and face the possibility of killing off each other's title hopes.

That problem does not exist in the college for construction of the dormitory.

the Southeastern Conference, where Alabama (3-0) leads the pack, but is pursued by Mississippi. 'Bama is ranked fourth, handed Vanderbilt its first loss 3-6 while second-ranking Ole Miss beat non-SEC foe Florida State 30-0 and has a good chance to move up to the top of the nation's powers.

Neither Alabama nor Mississippi play each other this year, and both have comparatively easy shots this week. Alabama meets North Carolina State 11-21 while Ole Miss goes against Houston.

A dogfight is shaping up in the Southwest Conference where Texas has set itself up as the team to beat. The Longhorns (3-0) turned on a fine display of offense to wrap up Washington State 41-8 while defending champion Arkansas handed strong Texas its third straight loss, 28-3.

Georgia Tech had its dreams of revival stomped on by Louisiana State 10-0, snapping a 2-0 record the Yellow Jackets had gleamed so far. Maryland popped up as the strongman to challenge Duke in the Atlantic Coast race. The Terps surprised seventh-ranked Syracuse 22-21 while Duke won its third straight, 23-3 over Wake Forest.

Notre Dame proved it meant business about a comeback, beating Purdue 22-20 on a fourth-quarter field goal, and this week takes on Southern California, whose second-half drive had Iowa reeling. The Trojans lost when their Southern quarterback Bill Moore (41 yard average) and pass for a two-point conversion was batted down in the final seconds.

Teachers in 4th Victory in AIC Play

By THE ASSOCIATED PRESS

Arkansas State Teachers College roared to its fourth straight victory Saturday night but the other Arkansas Intercollegiate Conference favorite, Arkansas Tech, had a narrow escape in its fourth triumph in a row.

ASTC beat Ozarks 46-6. Tech scored early in the first quarter and hung on for a 6-2 victory over Southern State.

Tech quarterback B. J. Moore engineered a 70 yard touchdown drive after the opening kickoff. He passed seven yards to end Bill Shepherd for the touchdown.

Henderson, still unbeaten in conference play, took its first licking of the season Saturday night, 13-0 at the hands of Mississippi College. Harding upset Ouachita 15-14 on a late 15-yard pass from Del Brock to Jerry Egue.

Johnson Classified as Jobless Area

LITTLE ROCK (AP)—The U. S. Labor Department today classified Johnson County as an area of substantial and persistent unemployment and recommended that it be made a redevelopment area.

Notice of the classification was received by J. L. Bland, director of the Arkansas Employment Security Division.

If the Area Redevelopment Administration accepts the Labor Department's recommendations, the Clarksville area would be eligible for redevelopment grants under a 1960 federal law.

Bland said Clarksville area unemployment has exceeded the national average by about 50 percent for the past four years. Unemployment currently is more than 6 per cent of the labor force. The Fort Smith and Camden areas were classified again as areas of substantial unemployment. The report on Fort Smith was compiled, however, before recent reopening of Ft. Chaffee.

Yanks Favored to Complete Series Today

By JERRY LISKA
Associated Press Sports Writer

CINCINNATI, Ohio (AP) — The wounded but relentless New York Yankees were 3 to 2 favorites to close out the World Series today with a decisive fourth victory over the desperate Cincinnati Reds, whose last-ditch hope was their lone series winner, strapping Joey Jay.

Jay's pitching opponent in this World Series contest, the last in cozy Crosley Field, is the same rival who bowed to the 225 pound Cincinnati right-hander in New York last Thursday, 25-year-old Ralph Terry. The Reds won that one, 6-2, behind Jay's four-hit pitching.

The weather again was expected to be as perfect as Sunday when New York's Whitey Ford surpassed Babe Ruth's 43-year-old series record for executive scoreless pitching innings and a bevy of other Yankees got into the act in a monotonous 7-0 shut-out of the Reds. Ford now has pitched 32 runless innings, topping Ruth's old mark of 29 2-3.

If Jay should duplicate his Yankee Stadium victory the series would return to New York for a sixth game Wednesday and possibly a seventh game Thursday.

In perhaps an ironical coincidence of the series, when ailing Mickey Mantle and may have been decided against the Reds in the fourth inning Sunday when the ailing Yankee star stroked a screaming hit to deep left center. That was the first home run, and the only one they really needed to scuttle Cincy starter Jim O'Toole.

Mantle had to leave the game after his hit, a certain two-bagger which sent runners on. It sent home run king Roger Maris, who had walked, to third, from where he scored on a double play.

Mantle now is out of the series, no matter if it goes the seven-game limit. The ugly wound on his hip where an abscess was removed 10 days ago has drastically hobbled the fleet slugger. The wound was bleeding badly when Mantle was removed for a pinch-runner following his hit.

However, few of the 32,598 faithful fans who watched their "for real Reds" sag before the excellent pitching of Ford and St. Louis Cardinals won in his first try in 1946 against the Boston Red Sox.

The financial phase of the tourney for the players ended Sunday, with a total player pool of \$645,928.28. Of that amount, 70 per cent or \$452,149.80 will be divided among the Yanks and Reds, with the remainder going to the second, third and fourth place teams in each league.

The winning pool is \$271,289.00, about \$8,000 per player for the series champion and approximately \$5,200 for each player on the losing club, based on an unofficial allotment of 34 shares per team.
